Ministerial Fund:

Amy Witherle, William Hall, J. Walter Weeks,  
Harold Babcock, Willis Ricker

Fire Chief,  
Ray Howard

Road Commissioner,  
George Perkins

Town Clerk,  
Bert Parker

## NOTES BY SELECTMEN

---

Town meeting Monday, March 18, at 8:45 in the forenoon.

A moderator will first be chosen. He will then declare the polls open from 9 o'clock in the forenoon to 1 o'clock in the afternoon for the election of three Selectmen, Assessors and Overseers of the Poor, Treasurer, Collector, School Committee, Fire Chief, Road Commissioner and Town Clerk, by secret ballot.

Regular business will be taken up immediately thereafter. Unless you are particularly interested in the election of a moderator, it will not be necessary to go to the meeting except in time to cast your ballot before 1 o'clock in the afternoon. This is the same method used at all State elections, and sample ballots will be available.

---

Town books close each year February 20. Taxes are assessed April 1, and due when bill is received. Dog taxes are due and payable April 1.

If you have purchased or sold property during the past year, or property listed as "heirs" or "devisees" should now be in your name, please advise the assessors by April 1.

Our report as Selectmen, Assessors and Overseers of the Poor follows:

WILLIS A. RICKER.

ROBERT W. BOWDEN.

WILBERT E. ORDWAY.

## ASSESSORS' REPORT

---

## AUDITOR'S REPORT

---

March 2, 1940

To the Inhabitants of the Town of Castine:

This is to certify that I have partially audited the accounts of your selectmen, treasurer, and tax collector for the municipal year ended February, 1940. The cash balance of your treasurer was reconciled, as well as the uncollected balance of taxes.

Due to the insufficient time to complete the audit before your town meeting, it is impossible to furnish any schedules. However, the selectmen's and treasurer's cash accounts agree, and the uncollected balance of taxes as reported agrees with the selectmen's records.

The audit of the books will be completed after the annual meeting.

Very truly yours,

PAUL A. SMITH,  
Auditor.

## REPORT OF LIBRARY COMMITTEE

---

To the Citizens of Castine:

During the past year the number of books in circulation was 10,119. Of this number, 2,073 were non-fiction, as against 2,005 the previous year. The largest number loaned in any one month was 1,273 in March. Magazines are also loaned. Two hundred and fifty books have been purchased, and over fifty volumes have been presented to the library.

Books were given by Mr. Jackson, Mr. Richard Ames, Nina J. Adams, Silas Hatch, Mrs. Greenbie, Mrs. Carrie Tracey, the Misses Slade, Mrs. White, Mrs. Tucker, Mrs. Fred Williams, Mrs. Farnsworth, Mrs. Parsons, Mrs. Pierce, Mr. Charles Carpenter, Mrs. Doris Gross, Mrs. Harry R. Adams, Mrs. Harry Butler, Mr. Bert Parker, Mr. John Hooper, and Mrs. Clergue. Miss Frances Pol contributed a much-needed atlas. Magazines were donated by Mrs. William Hooke, Mrs. Eben Page and Mrs. Charles Hay.

Cash deposits were left by Mrs. Latimer, Mrs. Noel and Mrs. Clausing. The Castine Woman's Club, as usual, gave \$10 to the Mary Hooke Fund. The administrators of Lucy P. Gay's estate paid to the treasurer of the library \$250, being one-half of Mrs. Gay's bequest. This sum has been deposited in a savings bank. The balance of the bequest will be paid at a later date.

During the year the inner walls of the library were touched up and painted where necessary. A part of the outer cornice, the window frames, cellar door, etc., were painted and repaired. The gutters and conductors were thoroughly cleaned out. It was necessary to buy a new smokepipe for the furnace. The wooden winter steps were repaired.

The trustees recommend that the same amounts as last year be raised and appropriated—\$600 for maintenance and 50 cents per taxable poll for increase.

AMY C. WITHERLE.  
ARTHUR W. PATTERSON.  
JOSEPH W. DEVEREUX.  
GERTRUDE LEWIS.  
HAROLD S. BABCOCK.

## SCHOOL REPORT

---

To the Superintending School Committee, and Citizens of Castine:

I herewith submit my second annual report as superintendent of schools.

As in the past, the common schools have been cared for satisfactorily in the Eastern State normal training school. The loss of Mrs. Edna Harquail through resignation was keenly felt in the seventh and eighth grade room, but we were fortunate in securing the services of Mr. Carleton Robbins, who has just finished a year of residence study at the University of Maine. Mr. Robbins has a number of years' experience as a teacher, and is proving very satisfactory in the position.

Mrs. Susie Nason, who has already taught several years in the training school, returned from a leave of absence in which she did a year of residence study at the University of Maine. She is in charge of the fifth and sixth grade room. Miss Elizabeth Sanborn is back in the primary room after a half year's leave of absence, in which she secured her Degree in Education at Gorham State normal school. Mrs. Ethel Friend has continued in the third and fourth grade room where she has done very satisfactory work. With this group of well and recently-trained teachers, it seems that our young people have the benefit of excellent schooling.

The effects of the sub-primary program, started two years ago, are beginning to show, and the children seem to have a decided advantage under this system. The State has recently made provision for new furniture in the primary room so that this room will be one of the best equipped in the building. Thanks to the contributions of the Needle Work Guild, the Castine Women's Club, the Lions' Club, and the Red Cross, hot lunches have been started this winter for those children who carry their dinners. Recently contributions from the Surplus Commodities Department have added fresh and canned fruit to the menu.

Work in the high school has gone along very efficiently under the leadership of Mr. Kassay and his assistants, Mr. Grant and Miss Moors. New books have been supplied in

some of the courses, and needed maps bought. During the year a new duplicating machine was bought which has been in constant use. On this machine a school annual was produced which was a real credit to the school.

We were fortunate in being able to secure the services of Miss Marjorie Fitts, as music supervisor for one day a week. Sharing the expense in this way with other towns we are able to have a well trained leader, and I believe the work has met with some measure of success.

The success of any institution operating in middle of northern Maine during the winter months depends a great deal on the janitor. I offer a tribute to Mr. Horace Bowden. Not only does he give the school good service as a janitor, but his long experience in his position makes it possible for him to benefit the town in the amount of fuel he saves.

As most of the parents know, selection of the conveyor of school children is left by law to the superintendent. Although on some occasions choice between individuals may be difficult, I have always felt that safety of the children should be the first consideration. When I came to the superintendency here, I found Mr. Leach had a contract with a year left to run. I have renewed that contract in nearly its original terms. As this is being written, Mr. Leach has approximately 250,000 safe pupil-miles to his credit. I believe this record speaks for itself.

In spite of my earlier statement that smooth operation in trying times constitutes progress in itself, we usually associate change and the acquirement of new courses and equipment as part of a progressive program. Since I am becoming conversant with our local situation, I believe we will do well to be satisfied to carry on as we have for the past year. I have promoted the idea of having a moving picture machine for use in our schools and for public functions of the town, but I believe the time will come when such a piece of equipment can be bought with what would be considered nominal appropriations, or State funds.

I wish to reiterate the statement I made at 1939 town meeting in regard to the grade school building. In my judgment, by not later than the summer of 1941 repairs will need to be made on the basement of this building. At that time we can enter into a consideration of adapting the building to the

introduction of vocational courses such as manual training, home economics or agricultural shop courses. Although these are subsidized by the government, there is a first cost which seems to make their introduction at the present time prohibitive.

With the above in mind, recommendations for the coming year are much along the lines of this year. The recent audit changed the figures in nearly all accounts. Some accounts showed a loss, others gained; the net result is about the same. The careful reader will note under the financial part of this report that we have paid the teachers' salaries for only 35 weeks. A full year would be 36 weeks, yet the account is overdrawn at that. It will be necessary to have a slightly higher appropriation this year in this account. The auditor has asked us to carry our appropriations in the following accounts: Common schools, high school, text-books and supplies, repairs and insurance, conveyance, school note interest, superintendent's salary, and school physician. Recommendations under these headings follow:

Common schools .....	\$2450
School note interest .....	50
High school .....	4000
Text-books and supplies .....	600
Repairs and insurance .....	200
Superintendent's salary .....	350
Conveyance, C. S. ....	900
Conveyance, H. S. ....	299
School physician .....	45

I wish to take this opportunity to thank the members of the school committee, teachers, town officers, and others, for the many courtesies extended me and my work during the past year. Loyal support and active interest have made the year a pleasant one. Thank you for this opportunity to report.

Respectfully submitted,

HOWARD D. FOWLIE,

Superintendent of Schools.

# NURSING REPORT

## Report of Hancock County Health Service

---

To the Selectmen of of the Town of Castine, Maine:

During April, 1939, all school rooms were visited, teachers interviewed relative to the Early Diagnosis Tuberculosis Campaign and material in the form of pamphlets and posters distributed through the schools, churches, library, drug store, postoffice, and public places, each pamphlet carrying home a valuable educational message of health.

The schools of Castine, the high, grammar, the training school from the sub-primary to and including the six grades, have been visited during February, April, May, June, September, October, November and December, 1939. Classroom inspections of pupils were made. Individual inspection was given pupils who were absent when the annual inspection was given for the year 1938, and a check-up was made of the seven-point pupils.

The Tuberculin Von Pirquet test was again given to the students of the normal school, the high and grammar pupils, and consent slips were given out for parents to sign. Sixty-three pupils were tested, Miss Gay, State clinic nurse from the State Bureau of Health, Augusta, giving the test, assisted by the county nurse. On January 8, Miss Gay, returned with the State portable X-ray machine and installed it at the normal school, taking 14 X-rays. This included a number of those taken last year. The reports have been received and a copy left with family physician, Dr. Babcock, and one to each family. The reports were very satisfactory.

The work in the schools has continued much the same as in previous years—the routine weighing and measuring, the Snellen test for vision, the whisper test for hearing, inspection of the teeth, throat, head, scalp, the skin for rashes and sores and personal cleanliness, for postural defects as well as for infectious diseases. The annual physical inspection was given the grades during September, and the Castine high school in December, 1939. Following are the defects found:

Pupils who have defective vision, 2; inflamed eyelids, 3; decayed teeth, 34; abnormal throat, 10; obstruction of nose, 2;

swollen glands, 2; defective posture, 5; nervous habit of biting fingernails, 2; 10 per cent. or more underweight, 1; 20 per cent. or more overweight, 12.

Of the 106 pupils inspected, 60 were found to have defects, 46 were eligible to qualify for the seven-point pin and certificate.

Of the 34 having decayed teeth, 19 have decay of temporary teeth and 18 of permanent teeth, while 4 need prophylactic cleaning.

Since previous inspections, the follow-up visits to the homes have been made and the notification slips sent to the homes. The following defects have been corrected: Five vision, 45 dental, 2 postural, 2 tonsil and adenoids cases corrected by operation, one underweight corrected.

Visits have been made to the chronically ill, and to several shut-in patients. The nurse is always willing to assist in cases of illness, to give any necessary instructions in the care of the ill, to transport patients to and from hospitals, or to assist patients in getting aid.

The service which the Hancock County Health Service renders the many towns of Hancock county, is financed through the sale of the Christmas Seals, and by town appropriations. We wish to express our sincere thanks and appreciation to all who have assisted us in our work by buying the health bonds and seals, without which we could not "carry on" the work.

Respectfully submitted,

WINIFRED L. DUNPHY, R. N.,

Public Health Nurse.
